

CONSTRUCTION CRANE

SALIENT FEATURES

- **Compact Design:** Maximizes space utilization without compromising performance.
- **Worm Reducer Gearbox:** Ensures smooth, quiet operation and increased torque.
- **Robust Construction:** Built to withstand heavy loads and demanding conditions.
- **High Efficiency:** Optimizes power consumption for cost savings.
- **Customizable Options:** Tailored solutions to meet specific application requirements.

TECHNICAL PARAMETERS

Product Code	KEMC0800
Capacity (2 Fall/1 Fall)	1000 /500 Kg
Rated Volt	415V/50Hz
Motor Power	1.5 Kw
Motor Specification	4 Pole, 150 Starts/Hr, Crane Duty
Lifting Height (2 Fall/1 Fall)	15 / 30 Mtr
Lifting Speed (2 Fall/1 Fall)	5.5 / 11 m/min
Wire Rope Diameter	8 mm, Fiber Core
Insulation Grade	B
Protection Grade	F
Weight with Rope	190 Kg (Approx.)
